

**GENEVA FREE PORTS  
& WAREHOUSES LTD**

## Your International Storage & Logistics Partner in the Heart of Europe

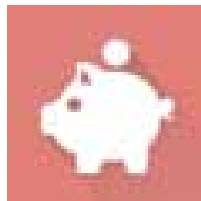

**GA**

[www.geneva-freeports.ch](http://www.geneva-freeports.ch)

# Free Port Storage Regime

Free Port Storage Regime allows you to store goods with no time limit under temporary suspension of VAT and customs duty payments.

These payments are due as and when the goods are definitively imported at their final destination.

## Cash Flow Management

Improve your cash flow management by postponing VAT and customs duty payments of the goods stored.

## Transit Storage

Delivery of transit goods to a free port site is treated as export.

## No Storage Time Limit

Goods in transit may be stored in a free port for an unlimited period of time.

Store your goods in the heart of Europe and proceed with partial import or re-export in accordance with market or customer requirements.

# Why choose Geneva Free Ports as your Storage Partner ?

- To allow you to choose between two storage regimes :  
Swiss or Free Port regime
- To take advantage of modern, state of the art infrastructures  
in line with your storage requirements
- To improve your cash flow management by postponing VAT  
and customs duty payments thanks to the free port storage  
regime
- To store your most precious items in complete safety and  
with peace of mind.
- To take advantage of a storage regime free of time restriction
- To store your goods in the heart of Europe and be in a position  
to import or re-export in batches in accordance with market  
requirements
- To take full advantage and reduce costs thanks to bulk buying
- To unload goods temporarily for regrouping or transshipment
- To rationalise re-exporting.

**All our services are available under  
Swiss or Free Port regime !**

# Surfaces to Let

«A la carte» Commercial Surfaces to Let  
for all Requirments and Budgets

The modular infrastructures at our Praille and Geneva Airport sites allow us to offer a wide range of commercial premises.

With over 150'000sqm, we have a solution to offer that will meet your specific storage or commercial requirements.

## Offices

Work on a daily basis in a productive environment by creating your own working space in line with your requirements.

## Warehouses

Metal, plaster block or brick wall warehouses are available and can be refurbished in accordance to your needs.

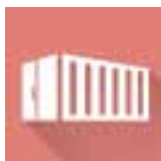

## Strong Rooms

To store your valuables take advantage of our high security strong rooms allowing optimal and customised storage.

## Climatised Premises

Traders and owners of wine, cigars, works of art and other collection items, pharmaceutical products or related products, take advantage of our temperature and hygrometry controlled premises.

## Containers

Containers are at your disposal to store goods in job lots.

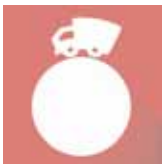

# Transport & Logistics

## Turnkey Logistics Solutions

Our company has the resources, experience and infrastructure to look after your stock management and order processing.

Aware of latest market trends and understanding our customers' needs, we provide turnkey logistics solution for basic and complex projects.

### Goods Management

Our logistics department manages your goods from the factory to the end user.

### Stock Management

Our stock management approach can be tailored to your specific requirements.

### Customs' Formalities

We take care of your customs' formalities: transit bill, import and export customs declarations, etc.

### Swiss and International Transport (air-land-sea)

As IATA / FIATA agent, we can manage your freight.

# Storage

## Comprehensive Storage Solutions

For people with substantial stock movements or for those launching a new product, storing goods in general warehouses is certainly the right answer. By selecting this type of storage, you will only pay for the actual time, bulk, allocated surface area and/or value of the goods stored.

Several storage options:

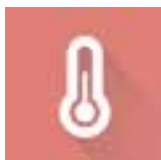

### Warehouses

General cargo can be stored in either metal, plaster block or brick wall warehouses

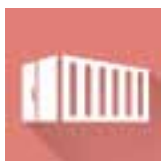

### Strong Rooms

Valuables are securely stored in our high security strong rooms, allowing for optimal storage.

### Climatised Premises

Wine, cigars, works of art and other collection items, pharmaceutical products or related products are safely stored in temperature and hygrometry controlled warehouses.

### Containers

Containers are available to store special items or job lots.

# Additional Services

## A wide Range of Services

In order to meet your needs and requirements, we provide infrastructures and services in line with existing standards and market requirements.

### **Goods handling**

The store-keeper/maintenance team handles your goods in an efficient and professional way.

### **Maintenance**

The building/refurbishment teams undertake a wide range of building related jobs such as : electrical and mechanical works, metal work, masonry, painting, floor covering etc.

### **Security a top priority**

Our sites are equipped with state of the art access control and security devices.

A team of security agents, working closely with the emergency services, patrols the site 365 days a year.
